BID EVALUATION REPORT

Media & Communication Services — TOR.04.2026

Multi-Vendor Framework Agreement | West Bank & Gaza Strip
Incorporating Field Quality Assessments by FDC & Procurement Teams

Date:	27 April 2026	Reference:	TOR.04.2026
Total Proposals Received:	13	Vendors Evaluated:	13 (all submissions reviewed)
Coverage Area:	West Bank, East Jerusalem, Gaza Strip	Selection Model:	Geographic Cluster + Mini-Competition
Framework Duration:	1 year, renewable up to 2 years	Currency:	ILS — VAT Exclusive
Prepared by:	Ammar Kalbiyah — Procurement & Logistics Coordinator		

1. Evaluation Approach

This evaluation integrates two complementary assessment dimensions: **(1) Quantitative scoring** based on documentary eligibility, technical criteria, and submitted prices; and **(2) Qualitative field assessment** based on direct programme experience, review of vendors' portfolios, social media presence, and observed alignment with SOS Palestine's humanitarian communication style. Both dimensions inform the final cluster assignments and the tiered contracting model recommended below.

Criterion	Weight	What Is Assessed
Portfolio & Humanitarian Experience	20%	Years active, client types (NGO/UN/humanitarian), quality and relevance of past work, alignment with SOS communication style
Team, Equipment	15%	Specialist skills, camera/audio/lighting equipment grade, post-production

& Technical Capability		capability, creative/editorial quality
Emergency Response Capacity	15%	24/7 availability, response time protocols, field deployment under difficult conditions, crisis documentation experience
Gaza Strip Operational Coverage	10%	Active presence or verified partner network in Gaza; ability to deliver under restricted access conditions
Technical Score Total	60%	Maximum 60 points. Minimum pass mark: 36/60 to proceed to financial evaluation.
Financial Score	40%	Weighted average of five reference line items: A1 Documentary Short (25%) · C23 Field Photography/day (15%) · B19 Emergency Video (20%) · A11 Motion Graphic 30sec (15%) · G46 Monthly Retainer (25%)

2. Field Quality Assessment — All 13 Vendors

The following qualitative assessments are based on direct programme team observations, portfolio reviews, and vendor interactions. These observations supplement the quantitative scoring and directly inform cluster assignments.

Company	Key Strengths	Team Assessment	Cluster Proposal	Alignment Rating
Media Plus Ramallah	✓ Active EU contract €224K ✓ 10 in-house specialists ✓ Blackmagic 6K + Sony FX3 ✓ Humanitarian NGO track record ✓ Prior SOS Palestine experience	"Outstanding partner — excellent production and photography quality. Their previous work with SOS and our partners (Arab Bank, etc.) demonstrates full understanding of our humanitarian communication style. Clearly the best overall production capability available."	Ramallah PRIMARY (Tier 1 — Heavy)	★★★★★ 5/5
YPlus Media Bethlehem + Jerusalem + Ramallah+Gaza	✓ Creative, contemporary editing style ✓ Offices: Ramallah + Jerusalem + Bethlehem ✓ Confirmed field photographers in Gaza ✓ High mobility across all regions	"Impressive content quality with modern editing and storytelling. Multi-office presence (Bethlehem, Jerusalem, Ramallah) and Gaza photographers make them highly mobile. Content is fresh and trend-aware — a strong complement to Media	Bethlehem + Jerusalem (Tier 2 — Field)	★★★★½ 4.5/5

ARK Media Al-Bireh (Ramallah)	✓ Familiar with SOS visual style ✓ Works with Arab Bank & SOS partners ✓ Permanent photographers in Bethlehem ✓ multi-site field capability ✓ Sony FS5 II x 3 + Sony A7 IV x 4	"Understands SOS production needs from prior collaboration with our partners. Permanent photographers in Bethlehem is a significant advantage for Bethlehem programme coverage. Strong technical equipment and reliable field presence."	Bethlehem (Tier 2 — Field)	★★★★ 4/5
Oyoun Media Ramallah	✓ Good production quality ✓ Digital marketing pioneers since 2015 ✓ Works with Oxfam, MAP ✓ AI-driven content solutions ✓ Deloitte-audited financials	"A solid option with good production standards. Background is primarily commercial/digital marketing, but has genuine NGO experience with Oxfam and MAP. Could be a strong second Ramallah vendor for social media and digital content."	Ramallah (Tier 2 — Digital)	★★★½ 3.5/5
POWER Group Bethlehem (Beit Jala)	✓ Strong visual production quality ✓ International award (Clermont-Ferrand) ✓ Based in Bethlehem — geographic fit ✓ Apple M3 + DaVinci Resolve Studio ✓ Sony A7R Full Frame	"Good visual work with a creative, cinematic approach. Bethlehem base is a direct geographic advantage for Bethlehem programme. Limited NGO/humanitarian sector experience but could be preferred precisely for their Bethlehem presence and quality visual output."	Bethlehem (Tier 2 — Field)	★★★½ 3.5/5
Fekrah Ramallah + Gaza (field staff)	✓ 19 years experience ✓ 2 active field staff in Gaza ✓ GIZ, UN Women, Presidency ✓ Good Gaza coverage credentials	"Gaza coverage through active field staff (Abdullah Dweik & Mohammed Qandeel) is credible and valuable. Motion Way Gaza only	✓ Full Gaza coverage declared ✓ World Bank, OXFAM references △ Proposal submitted late △ Gaza-based operations only ✓ DaVinci Resolve Studio	"Proposal submitted late — noted but not disqualifying under the TOR. Operations are Gaza-based only, which is both a limitation (no West Bank coverage) and a strength (deep Gaza field capability). Strong international references. Recommended exclusively for Gaza assignments."	Gaza PRIMARY (Tier 1 — Gaza)	★★★★ 4/5 (Gaza)
Media Clinic Ramallah	✓ 11 years' experience ✓ UNICEF, UNFPA, PCRF refs ✓ Complete eligibility docs ✓ Green Screen Studio △ Work samples feel dated — traditional broadcast style △ Limited creative/innovative production in submitted examples	"Technically strong references and full documentation. However, submitted work samples reflect an older broadcast production style with limited creative innovation. Does not align well with SOS's need for contemporary, emotionally engaging content. Retained in reserve roster."	Reserve Roster	★★½ 2.5/5
Wattan Media Ramallah	✓ Competitive emergency pricing ✓ Lowest translation price (ILS 30/min) ✓ Gaza declared coverage △ Output focused on TV news reporting, not NGO storytelling △ Portfolio misalignment with SOS communication style	"Wattan's output is primarily formatted as broadcast news reports — structured, fact-led, and TV-ready. This is different from SOS's need for emotionally resonant humanitarian storytelling and beneficiary-focused content. Useful for emergency coverage and translation services but not recommended as a primary content partner."	Reserve Roster (Emergency only)	★★★ 3/5

Company	Key Strengths	Team Assessment	Cluster Proposal	Alignment Rating
An-Najah Media Centre Nablus (University)	✓ Lowest prices across all categories ✓ Award-winning documentary director ✓ UNESCO, BBC, UNDP references ⚠ University unit — legal review required before contract ⚠ Output style: broadcast / radio — different from SOS's needs ⚠ Nablus base — logistical constraints for Ramallah/Bethlehem	"Despite the highest composite score (87/100), work samples reflect a broadcast/radio production style — structured like TV programmes rather than humanitarian storytelling content. Legal status as a university unit prevents direct contracting without senior approval. Not recommended for core cluster."	Excluded from Core Clusters (legal + style)	★★½ 2.5/5
Focus Multimedia Ramallah	✓ Award-winning cinematic films ✓ Cannes, Clermont-Ferrand credits ✗ No commercial/trade registration submitted ✗ No tax certificate submitted ⚠ Cinematic/artistic focus — limited NGO fit	"Cinematic artistic quality is high but the work is oriented toward film festivals rather than humanitarian programme communication. Additionally, registration and tax documents were not submitted — automatic disqualification under TOR eligibility requirements R1 and R2."	DISQUALIFIED R1 + R2 missing	★★ 2/5
POST PLUS Ramallah	✓ UNDP, WHO, UN Women references ✓ Competitive pricing ⚠ Very few work samples submitted ⚠ Appears specialised in live streaming & broadcast ⚠ Core business different from SOS content needs	"Limited work samples make quality assessment difficult. The work presented suggests a live-streaming and broadcast specialisation, which differs significantly from SOS's need for documentary, beneficiary storytelling, and social media content. References are strong but insufficient to compensate for lack of demonstrated output."	Reserve Roster	★★ 2/5
VandV Ramallah	✓ Competitive pricing submitted ✗ Work samples	"Primarily an advertising agency with no humanitarian or NGO portfolio of its own. A	DISQUALIFIED — Portfolio Misrepresent	★0/5 — DISQUALIFIED

This indicates VandV intends to subcontract actual production work without disclosure, which constitutes a misrepresentation of capability. No team CVs, equipment specifications, or subcontracting disclosure were submitted. The combination of false portfolio attribution, undisclosed subcontracting, and complete lack of humanitarian sector experience renders VandV ineligible for any cluster assignment."	ation & Undisclosed Subcontracting	

3. Recommended Geographic Cluster Model

Based on the field quality assessment and geographic presence, the evaluation recommends a **four-cluster contracting model**: two vendors for the Ramallah/West Bank cluster, one for Bethlehem, and one for Gaza. Within each cluster, a Mini-Competition mechanism determines which vendor is called for each individual assignment.

CLUSTER A — RAMALLAH & WEST BANK Primary cluster for most programme content, donor communications, and planned production	
★ VENDOR A1 — Media Plus Role: PRIMARY — Tier 1 (Heavy Production) Assigned for: Documentaries · Campaign films ·	★ VENDOR A2 — Oyoun Media Role: SECONDARY — Tier 2 (Digital & Social Media) Assigned for: Social media content · Reels/Shorts

Annual reports · High-profile donor visits · Multi-language videos · Premium photography

- ✓ Best overall production & photography quality
- ✓ Active EU contract — €224,000 proven credibility
- ✓ Prior work with SOS and SOS partner organisations
- ✓ 10 in-house specialists — permanent capacity
- ✓ Blackmagic 6K Pro, Sony FX3, DJI Hasselblad drone

- Motion graphics · Digital campaigns · Mini-competition overflow from A1
- ✓ Good production quality — strong digital content capability
- ✓ Pioneer digital marketing agency since 2015
- ✓ NGO experience: Oxfam, MAP, Samsung
- ✓ AI-content capabilities for modern platforms
- ✓ Deloitte-audited — financially transparent

CLUSTER B — BETHLEHEM PROGRAMME

Dedicated vendors with permanent Bethlehem presence for efficient and cost-effective field coverage

★ **VENDOR B1 — YPlus Media** **Role: PRIMARY Bethlehem + East Jerusalem**

Assigned for: Bethlehem field coverage · Jerusalem assignments · Beneficiary stories · Social/emotional content · Gaza photography

- ✓ Bethlehem office + Jerusalem office + Ramallah office
- ✓ Confirmed field photographers in Gaza
- ✓ Modern creative editing style — trend-aware content
- ✓ High mobility across all SOS programme areas
- ✓ Fresh storytelling approach suited to digital platforms

★ **VENDOR B2 — ARK Media** **Role: SECONDARY Bethlehem + Live Events**

Assigned for: Bethlehem field photography · Live streaming events · Event coverage · Mini competition with YPlus for Bethlehem assignments

- ✓ Permanent photographers in Bethlehem — key advantage
- ✓ Familiar with SOS visual style from partner work
- ✓ OP Van + Blackmagic + Sony FS5 II x 3
- ✓ Strong live streaming capability (TVU Unit)
- ✓ Works with Arab Bank and SOS partner organisations

CLUSTER C — GAZA STRIP

Gaza-specific assignments — subject to security clearances

★ **VENDOR C1 — Motion Way** **Role: PRIMARY Gaza**

Assigned for: All Gaza video production · Emergency documentation · Gaza programme coverage

- ✓ Full Gaza operational coverage (all governorates)
- ✓ World Bank, OXFAM references

★ **VENDOR C2 — Fekrah + YPlus (Gaza staff)**

Role: BACKUP Gaza (two options)
Assigned for: Gaza coverage when Motion Way is unavailable · Additional photography capacity
Fekrah: Abdullah Dweik & Mohammed Qandeel — verified Gaza field staff

✓ DaVinci Resolve Studio — quality post-production ⚠ Proposal received late — monitor delivery reliability	YPlus: confirmed field photographers in Gaza — modern content style ⚠ Fekrah: no visible portfolio — accepted on field presence alone Priority: YPlus Gaza photographers preferred when quality storytelling is required; Fekrah for emergency documentation.

4. Tiered Service Assignment Model

Not all assignments should be treated equally. The following tier structure ensures that premium production is directed to the strongest vendor, while routine or quick-turnaround work is opened to competitive mini-quotation among all eligible vendors.

Tier	Service Type	Description	Assigned To	Mechanism
1	PREMIUM PRODUCTION High complexity / donor-facing	Documentary films (4+ min) · Annual report videos · Major donor visit coverage · Advocacy films · Multi-language versions · VIP event coverage	Media Plus (West Bank) Motion Way (Gaza)	Direct assignment — no mini-competition. Media Plus/Motion Way is called directly without tendering to others. Quality guarantee over price.
2	STANDARD PRODUCTION Regular work of programs	Short documentaries (2–3 min) · Beneficiary testimonials · Activity photography · Success stories · Social media reels · Promotional videos · Training videos	All cluster vendors for their respective region	Mini-Competition: RFQ sent to all eligible vendors in the relevant geographic cluster. Lowest compliant price wins within 48-hour window.
3	EMERGENCY / RAPID Crisis & time-critical	Emergency appeal videos · Crisis communication videos · Same-day field documentation · Rapid social media assets · Breaking news coverage	Fastest-responding vendor in the relevant cluster	Emergency Mini-Competition: 2-hour response window. First vendor to confirm availability at or below the framework price is awarded. No waiting for all responses.

5. Complete Scoring Summary — All 13 Vendors

The table below presents the full composite evaluation for all 13 submitting entities, incorporating both quantitative scores and qualitative field assessment ratings. Vendors are ordered by cluster assignment.

* An-Najah University Media Centre: composite score of 87/100 is the highest among all 13 submissions. However: (a) it is a university unit, not a licensed production company — legal review required; (b) programme team assessment indicates work style is broadcast/radio-oriented rather than SOS's required humanitarian storytelling approach; (c) Nablus base limits operational mobility. Not included in core clusters.

6. Price Comparison — Six Awarded Vendors (ILS, VAT Exclusive)

Green cells indicate the lowest price in each row — this determines the Mini-Competition winner for that service. All prices in Israeli New Shekels, exclusive of VAT.

PRICE LEADERS BY CATEGORY:

- ★ Field Photography (C23-C26): YPlus (ILS 950) — best value for Bethlehem and West Bank coverage (YPlus Gaza photographers confirmed separately for Gaza assignments)
- ★ Emergency Videos (B19-B22): ARK Media (ILS 2,100–2,300) — most competitive for emergency assignments
- ★ Premium Production (A1-A3): Media Plus (ILS 3,875–6,900) — best value when considering quality/price ratio
- ★ Translation (E42): ARK Media (ILS 180/min) — significantly below cluster average
- ★ Social Reels (A10): ARK Media (ILS 900) — lowest in cluster

7. Pre-Contract Mandatory Conditions

All six awarded vendors must fulfil the following outstanding obligations before any Framework Agreement is signed. Failure to comply within the deadline stated results in withdrawal of the award notification.

Vendor	Outstanding Document	Deadline	Consequence of non-compliance
Media Plus	Valid withholding tax certificate (R2) + signed Child Safeguarding Declaration + Conflict of Interest Declaration	5 working days	Award suspended until documents received
Oyoun Media	Signed Child Safeguarding Declaration + Conflict of Interest Declaration + clarification on Gaza coverage capacity	5 working days	Award limited to West Bank assignments only
YPlus Media	Renew withholding tax certificate (expired 30/04/2026) + submit details of Gaza field photographers (names,	5 working days	Award conditional — Gaza coverage not activated until verified

Vendor	Outstanding Document	Deadline	Consequence of non-compliance
	contacts)		
ARK Media	Signed Child Safeguarding Declaration + Conflict of Interest Declaration + Explicit Gaza coverage clarification	5 working days	Award limited to West Bank/Bethlehem cluster
Motion Way	Signed Child Safeguarding Declaration + detailed Gaza operational mechanism document + clarification on G46 retainer amount	5 working days	Gaza award conditional — retainer clause to be renegotiated
Fekrah	Renew expired withholding tax certificate (expired 31/03/2026) + Child Safeguarding Declaration + Conflict of Interest Declaration + portfolio samples from Gaza work	5 working days	Award limited — Gaza deployment held until portfolio reviewed

8. Mini-Competition Operational Protocol

1	Send Service Request	Issue a standardised Purchase Request Form (PRF) by email to all eligible vendors for the identified geographic cluster and tier. Include: exact service description, technical specifications, location, required delivery date, format requirements, and any child safeguarding notes.
2	Response Window	Tier 1 (direct): no competition — proceed to step 4. Tier 2 (standard): 48 hours. Tier 3 (emergency): 2 hours. No response within the deadline = declined offer; request moves to next vendor.
3	Award Decision	Lowest compliant price wins. No post-submission negotiation. Price tie: earliest response takes precedence. Confirm award by email and log in the Framework Agreement Register.
4	Issue Purchase Order	Issue a signed Purchase Order (PO) or Work Order (WO). Production begins only after the vendor receives and acknowledges the signed PO. No verbal authorisations accepted.
5	Delivery & Acceptance	Vendor delivers according to agreed specifications and timeline. Procurement Officer and Programme Officer both sign the Delivery and Acceptance Note before any payment request is raised.
6	Payment Processing	Net 30 calendar days from: written acceptance + valid invoice + current withholding tax certificate. All three documents must be presented

		simultaneously.
7	Log & Track	Record every order in the Framework Agreement Register: vendor, service, price, response time, delivery date, quality score (1-5). Reviewed quarterly for performance assessment.

9. Action Plan & Next Steps

1	Issue Outstanding Document Notifications	Formally notify all six awarded vendors of missing R-requirements. Set 5-working-day deadline with clear consequence statement.
2	Legal Review — An-Najah University	Operations Management + Legal Adviser to confirm eligibility of a university unit for framework contracting. If cleared, reconsider for reserve roster at minimum. Deadline: 5 working days.
3	Retainer Negotiation	With Motion Way (G46: ILS 15,000) and YPlus (G46: ILS 7,500): negotiate reduction to ILS 3,000-5,000 range or confirm service as free — consistent with other vendors. Written confirmation required before contract execution.
4	Report Sign-Off	Submit this report to National Director and Operations Manager for approval signature. No award notifications issued before sign-off.
5	Execute Six Framework Agreements	Issue four geographic cluster agreements (A, B, C, and composite). Each agreement includes: price schedule · Code of Conduct · Gaza mechanism · tiered service model · Mini-Competition protocol.
6	Framework Register Setup	Create tracking log (Excel or procurement system): one row per service order. Fields: vendor, cluster, tier, service, price, response time, delivery status, quality score.
7	Emergency Protocol Test	Within 30 days of activation: run a test emergency request to all six vendors simultaneously. Measure response times. Results feed into the first quarterly review.
8	Non-Award Notifications	Send formal written notifications to the seven unsuccessful vendors. Offer individual debrief upon written request within 10 working days of notification.
9	Quarterly Performance Reviews	Schedule Q1 review at month 3. Assess: specification compliance, delivery adherence, emergency response times, quality scores. Poor performance triggers formal warning before annual renewal.

10. Governance, Transparency & Approval Signatures

- **Impartiality:** All evaluation committee members signed Conflict of Interest Declarations before reviewing any proposal. No member has a known personal, professional, or financial relationship with any submitting entity.
- **Data Sources:** Technical scores are derived exclusively from submitted proposal documents. Qualitative assessments are based on direct programme experience and portfolio review, and are clearly marked as such throughout this report.
- **Transparency:** All scoring formulas, weightings, qualitative rationales, and calculations are documented in this report and are fully reproducible by an independent auditor.
- **Consistency:** Identical evaluation criteria and weightings applied to all 13 submissions without exception. Qualitative assessments were recorded using standardised language.
- **Child Safeguarding Priority:** Criterion R7 is treated as a mandatory non-negotiable condition, reflecting SOS Palestine's core mandate and its responsibility to the children and families it serves.
- **Disclosure — An-Najah University:** The recommendation to exclude An-Najah University Media Centre from active clusters has been disclosed transparently with clear reasoning. The decision is escalated to management and legal consultation.
- **Anti-Corruption:** Any suspected irregularity should be reported to: Asset.Safeguarding@sos-palestine.org
