

SOS Children's Villages - Palestine

Bid Evaluation Report — Specialized MHPSS, PFA, Child Protection & PSEA Training Services

TOR.08.2026 | June 2026 | Internal Use Only

Tender Reference	TOR.08.2026
Procurement Type	Procurement of a Training Service Provider: MHPSS / PFA / Child Protection / PSEA
Project	Staff Capacity Building — West Bank 2026
Beneficiary Associations	Five associations — Bethlehem & Hebron Governorates
Procurement Method	Terms of Reference (TOR) Competitive Submission
Project Budget Line	1.1.1
Project Budget Amount	5,026 EUR
Bids Received	4 Bidders
Currency	New Israeli Shekel ₪ (ILS) — Excluding VAT
Evaluation Methodology	Best Value for Money (BVM) Technical + Financial Weighted Scoring
Prepared By	Ammar Kalbiyah — Procurement Coordinator
Report Date	June 2026

I. Introduction & Background

SOS Children's Villages Palestine invited qualified training service providers to submit competitive proposals for the delivery of a specialized training programme covering Mental Health and Psychosocial Support (MHPSS), Psychological First Aid (PFA), Child Protection, and Protection from Sexual Exploitation and Abuse (PSEA). Four submissions were received in response to TOR.08.2026 and were evaluated against objective weighted criteria combining technical quality and financial competitiveness. The programme is designed for staff of five partner associations in the Bethlehem and Hebron Governorates, funded under Project Budget Line 1.1.1 (Budget: 5,026 EUR).

II. Evaluation Method & Criteria

Evaluation Criterion	Weight	Description & Requirements	Scoring Scale
Qualifications & Technical Experience	35%	Relevant academic qualifications + documented years of experience in MHPSS / PFA / Child Protection / PSEA	PhD + >20 yrs: 32-35 Master's + 15 yrs: 25-31 Bachelor's + 10 yrs: 15-24 Below: 0-14
Technical Proposal Quality	30%	Comprehensiveness of topics, methodology, assessment tools, and	Full coverage + clear methodology + pre/post

Evaluation Criterion	Weight	Description & Requirements	Scoring Scale
		expected deliverables	assessment: 26-30 Good: 18-25 Basic: 8-17 Incomplete: 0-7
Price Competitiveness	25%	Value for money — assessed against comprehensiveness of quoted price (all-inclusive vs. excluding VAT/logistics)	< 14,000 ₪: 22-25 14,000-17,000: 16-21 17,000-20,000: 8-15 > 20,000 or not submitted: 0-7
Compliance & Documentation	10%	Completeness of submission: technical proposal, financial proposal, CV(s), registration documents	Complete (technical + financial + CV + registration): 9-10 Partial: 5-8 Incomplete: 0-4

III. Training Programme Overview (as per Winning Bidder's Agenda)

The agreed training programme comprises 4 training days, totalling 25 training hours (6 hours 15 minutes per day), covering 9 specialized topics as detailed below:

Day	Duration	Topics Covered
Day 1	6 hrs 15 min	Introduction to MHPSS (Concepts, Principles, IASC Intervention Pyramid) Mental Health in Humanitarian Contexts Distinguishing psychosocial, psychological, and protection needs Trauma-Informed Approaches (impact of trauma on children, adults & families) Practical case studies
Day 2	6 hrs 15 min	Psychological First Aid (PFA) Look-Listen-Link model Ethical considerations & cultural sensitivity Group Psychosocial Interventions for children, youth, and adults Self Help Plus (SH+) Methodology Stress management & burnout prevention
Day 3	6 hrs 15 min	Child Protection & Institutional Safeguarding Protection from Sexual Exploitation and Abuse (PSEA) Referral Pathways Facilitation skills practice & group exercises Short transitional activity
Day 4	6 hrs 15 min	Basic Case Management Professional documentation & coordination Case Management Practice with case studies Stress Management & Staff Self-Care Secondary traumatic stress & occupational burnout post-training evaluation & closing ceremony
TOTAL	25 hrs (4 days)	9 specialized topics covering the full MHPSS training programme as per TOR.08.2026

IV. Summary of Evaluated Bidders

Bidder / Provider	Type	Training Days	Total Price (₪)	Documents Submitted	Notes
Prof. Nabil Jondi + Ms. Eman Ammar	Team (2 consultants)	4 days (25 hrs total)	17,000	Technical + Financial + CVs + Previous Assignments	Complete submission
Dr. Akram	Individual	10 days	74,480	Technical Proposal +	Very high financial

Bidder / Provider	Type	Training Days	Total Price (₪)	Documents Submitted	Notes
Othman	Consultant			Financial Proposal + CV	offer
Mohamed Tawil	Individual Consultant	5 days	14,700	Technical Proposal + Financial Proposal + CV	Complete submission
Hakini	Specialized Company	4 days (25 hrs total)	13,000 (pre-tax) + 500 ₪ accommodation & transport	Technical + Financial + Company Profile + Registration Certificate	Lowest price Winning bidder

V. Scoring Matrix – Summary

Evaluation Criterion	Weight	Jondi + Ammar	Dr. Akram Othman	Mohamed Tawil	Hakini	Evaluator Notes
Qualifications & Technical Experience	35%	33	33	22	33	Mohamed Tawil — lower qualifications & experience level
Technical Proposal Quality	30%	24	24	20	28	Hakini: comprehensive, fully aligned proposal with 9-topic coverage
Price Competitiveness	25%	19	4	22	25	Hakini lowest (13,000 ₪ pre-tax + 500 ₪ accommodation) — Dr. Akram very high offer
Compliance & Documentation	10%	10	10	10	10	All bidders submitted complete documentation
TOTAL SCORE / 100	100%	86	71	74	96	Hakini: highest score — recommended for award

VI. Detailed Technical Evaluation — Narrative Assessment

This section provides a structured narrative justification for the scores awarded to each bidder under each evaluation criterion. All assessments are based exclusively on the submitted proposals received under TOR.08.2026 and are made against the approved weighted scoring framework.

Hakini — Specialized Training Company | Specialized Company | Multidisciplinary Team | Total Score: 96 / 100

1. Qualifications & Technical Experience Weight: 35% Score: 33 / 35

Hakini presented a multidisciplinary team comprising three specialists: Musa Jaraisha (lead facilitator with extensive field experience in psychosocial support programmes), Dr. Omar Al-Ashhab (clinical psychologist with documented academic and applied experience in MHPSS and trauma-informed practice), and Mahdi Al-Hafeth (child protection and PSEA specialist). The combined team profile demonstrates graduate-level and postgraduate qualifications directly aligned with all four thematic areas of the TOR. The team has verifiable experience delivering MHPSS and protection training in humanitarian and development contexts. A score of 33 out of 35 was awarded, reflecting an exceptionally strong multidisciplinary team with minor deductions for the

absence of a formal institutional accreditation certificate accompanying the CV submissions.

2. Technical Proposal Quality

Weight: 30%

Score: 28 / 30

Hakini submitted the most comprehensive technical proposal among all bidders. The proposal explicitly maps nine training topics to the TOR requirements, incorporating a detailed session-by-session agenda across four days (25 training hours). The methodology integrates participatory adult-learning techniques, role-play, group exercises, and case study discussions. A pre- and post-training assessment framework is included, along with a commitment to deliver a post-training evaluation report within five working days. Training materials are proposed in both Arabic and English. A score of 28 out of 30 was awarded; minor deductions reflect the absence of sample assessment instruments in the submission and limited elaboration on the monitoring and follow-up mechanism.

3. Price Competitiveness

Weight: 25%

Score: 25 / 25

Hakini quoted the lowest price among all responsive bidders at 13,000 ₪ (pre-VAT), with an additional 500 ₪ pre-approved separately for trainer accommodation and transport. This pricing falls comfortably within the <14,000 ₪ scoring band, qualifying for the maximum score of 25 out of 25. The price represents strong value for money relative to the comprehensiveness and quality of the proposed programme, and is consistent with prevailing market rates for specialized MHPSS training services in the West Bank.

4. Compliance & Documentation

Weight: 10%

Score: 10 / 10

Hakini's submission was fully compliant with all TOR documentation requirements. The package included a complete technical proposal, a detailed financial proposal (dated 03.06.2026), CVs for all three team members, a company profile, and a valid registration certificate. No missing or deficient documents were identified. A full score of 10 out of 10 was awarded.

Prof. Nabil Jondi & Ms. Eman Ammar — Consulting Team | Team of 2 Individual

Consultants | Total Score: 86 / 100

1. Qualifications & Technical Experience

Weight: 35%

Score: 33 / 35

Prof. Nabil Jondi holds senior academic and field credentials in mental health and psychosocial programming, with documented experience spanning multiple humanitarian response contexts. Ms. Eman Ammar brings complementary expertise in psychosocial support facilitation and community-based interventions. Together, the team demonstrates strong alignment with the TOR's thematic scope. A score of 33 out of 35 was awarded, reflecting a highly qualified team, with a minor deduction for limited documented experience in PSEA-specific delivery compared to the leading bidder.

2. Technical Proposal Quality

Weight: 30%

Score: 24 / 30

The technical proposal is well-structured and covers the core thematic areas required by the TOR. The methodology is sound, drawing on established MHPSS frameworks and facilitation approaches. However, the proposal lacks the level of session-by-session detail and integrated assessment mechanisms present in the winning bidder's submission. The pre- and post-training evaluation component is mentioned but not elaborated with specific instruments or formats. A score of 24 out of 30 reflects a good quality proposal with room for greater methodological depth.

3. Price Competitiveness

Weight: 25%

Score: 19 / 25

The team quoted an all-inclusive price of 17,000 ₪, which falls within the 14,000–17,000 ₪ scoring band. This is a reasonable and transparent price that includes VAT, logistics, and hospitality, making it fully comparable on a

	like-for-like basis. A score of 19 out of 25 was awarded. While competitive relative to Dr. Akram Othman's offer, it is higher than Hakini's base price, resulting in a lower score on this criterion.
4. Compliance & Documentation Weight: 10% Score: 10 / 10	The submission was complete in all required elements: technical proposal, financial proposal, CVs for both consultants, and records of previous assignments. No documentation gaps were identified. A full score of 10 out of 10 was awarded.

Mohamed Tawil — Individual Consultant | Individual Consultant | Total Score: 74 / 100

1. Qualifications & Technical Experience Weight: 35% Score: 22 / 35	Mr. Tawil's CV reflects a background in psychosocial support with relevant experience at the community level. However, the qualifications and years of documented experience fall below the threshold required for the upper scoring bands under the TOR's evaluation framework. The submission does not demonstrate postgraduate-level academic preparation or equivalent senior professional credentials in MHPSS or Child Protection. A score of 22 out of 35 reflects adequate but limited qualifications relative to TOR expectations and the other competing bidders.
2. Technical Proposal Quality Weight: 30% Score: 20 / 30	The technical proposal addresses several of the required topics but does not fully cover the breadth specified in TOR.08.2026. Notably, the proposed 5-day structure does not correspond to the 4-day / 25-hour format agreed and referenced in the TOR, and the coverage of PSEA and formal Case Management methodology is limited. The proposal lacks a structured pre- and post-assessment mechanism. A score of 20 out of 30 reflects a basic-to-good proposal that partially meets TOR requirements.
3. Price Competitiveness Weight: 25% Score: 22 / 25	Mr. Tawil quoted 14,700 ₪, placing him within the 14,000–17,000 ₪ band and earning a score of 22 out of 25. The price is competitive and below the second reserve bidder's offer. However, it is higher than Hakini's pre-tax price, and when assessed against the lower scope and depth of the technical proposal, the overall value for money is considered lower than the winning bidder.
4. Compliance & Documentation Weight: 10% Score: 10 / 10	Documentation was fully compliant: technical proposal, financial proposal, and CV were all submitted. A full score of 10 out of 10 was awarded.

Dr. Akram Othman — Individual Consultant | Individual Consultant | Total Score: 71 / 100 — DISQUALIFIED

1. Qualifications & Technical Experience Weight: 35% Score: 33 / 35	Dr. Akram Othman demonstrates strong academic and professional credentials, with a postgraduate degree and documented experience in mental health and psychosocial support programming. His qualifications are well-aligned with the thematic scope of TOR.08.2026, and his CV reflects a history of training delivery in relevant humanitarian contexts. A score of 33 out of 35 was awarded on this criterion, reflecting his genuinely strong professional profile.
---	--

2. Technical Proposal Quality Weight: 30% Score: 24 / 30	Dr. Othman's technical proposal is well-organized and covers the primary MHPSS and PFA topics. However, similar to the reserve bidder, the proposal lacks detailed session-level planning and a structured assessment methodology. Coverage of Child Protection and PSEA is present but less developed than in the winning bidder's submission. A score of 24 out of 30 was awarded, reflecting a good-quality proposal with moderate depth.
3. Price Competitiveness Weight: 25% Score: 4 / 25	Dr. Othman submitted a financial proposal of 74,480 ₪ — far exceeding not only the project's available budget (5,026 EUR ≈ 20,000 ₪) but also all other bidders' offers by a factor of four or more. This price falls in the >20,000 ₪ band and renders the submission financially non-competitive. A score of 4 out of 25 was awarded. Despite his strong technical profile, this financial non-competitiveness resulted in disqualification for award purposes, as the offer cannot be accommodated within the available budget envelope.
4. Compliance & Documentation Weight: 10% Score: 10 / 10	Documentation was fully compliant: technical proposal, financial proposal, and CV were all submitted. A full score of 10 out of 10 was awarded.

VII. Final Recommendation & Award Decision

Ranking	Recommended Provider	Score	Justification & Conditions
1st Choice ★	Hakini (Specialized Company)	96 / 100	Highest overall score and lowest quoted price (13,000 ₪ pre-tax + 500 ₪ separate budget item for trainer accommodation & transport = 13,500 ₪ total). Multidisciplinary training team: Musa Jaraisha, Dr. Omar Al-Ashhab, Mahdi Al-Hafeth. Comprehensive 9-topic methodology fully aligned with international MHPSS standards and TOR requirements. 4 training days / 25 training hours. Condition: negotiate and agree on final all-inclusive contract price covering VAT, venue, logistics, and hospitality before contract issuance.
1st Reserve	Prof. Nabil Jondi + Ms. Eman Ammar	86 / 100	Complete and transparent submission. Quoted price: 17,000 ₪ (all-inclusive). Strong academic and field experience. 4 training days / 25 training hours. To be awarded if agreement cannot be reached with Hakini.
Not Recommended	Mohamed Tawil	74 / 100	Lower qualifications and experience level compared to leading bidders. Proposed only 5 days without clear alignment with all TOR topics. Complete documentation submitted but technical proposal partially covers required modules.
Disqualified	Dr. Akram Othman	71 / 100	Excessively high financial offer (74,480 ₪) far exceeding the project budget and comparable market rates, rendering it non-competitive. Technical quality otherwise acceptable but financial non-compliance is disqualifying.

VIII. Conditions for Award

1	Negotiate with Hakini to confirm a final all-inclusive contract price covering VAT, venue, logistics, and
----------	---

	hospitality — noting that 500 ₪ for trainer accommodation & transport has been pre-approved as a separate budget item.
2	Confirm availability of the full proposed training team (Musa Jaraisha, Dr. Omar Al-Ashhab, Mahdi Al-Hafeth) for all agreed training dates prior to contract signature.
3	Include a detailed implementation timeline in the contract covering the preparation phase (content review, material finalization), 4 training days (25 training hours), and final report delivery with evaluation results.
4	Submit a valid tax registration certificate and a signed Conflict of Interest Disclosure Form prior to contract signature.
5	Provide training materials and participant handouts in both Arabic and English as appropriate and deliver a post-training evaluation report within 5 working days of training completion.

IX. Governance, Transparency & Conflict of Interest

☒	I confirm that I have no conflict of interest with any of the evaluated bidders in this report.
☒	All technical and financial data are sourced exclusively from formally submitted proposals under TOR.08.2026.
☒	The evaluation is based on objective weighted criteria approved by the Procurement Department.
☒	Bidder Dr. Akram Othman was disqualified solely on grounds of financial non-competitiveness; his technical submission was otherwise complete.
☒	Bidder Mohamed Tawil received a lower technical score reflecting his qualifications and coverage gaps relative to TOR requirements.
☒	Currency: New Israeli Shekel (ILS/₪). Hakini's base price is pre-tax as disclosed in their financial proposal dated 03.06.2026. The 500 ₪ accommodation & transport item is additional, approved separately.
