

SOS Children's Villages - Palestine

Bid Evaluation Report — Business Facilitation Services for Vulnerable Families

TOR.07.2026 | June 2026 | Internal Use Only

Tender Reference	TOR.07.2026
Project	Income-Generating Activities (IGA) Programme — Bethlehem & Hebron Governorates, West Bank
Beneficiary Target	80 assessed households → 50 selected families (primarily women & youth)
Procurement Method	Terms of Reference (TOR) Competitive Submission — Two Financial Scenarios Required
Currency	New Israeli Shekel ₪ (ILS) — All prices excluding VAT unless stated
Bids Received	7 Bidders
Bids Disqualified	4 (A2Z Plus, Deep Insights, Lion Heart, Petro & Partners) exceeded budget ceiling
Bids Evaluated	3 Compliant Bidders
Evaluation Methodology	Best Value for Money (BVM) Weighted Technical (75%) + Financial (25%) Scoring
Prepared By	Ammar Kalbiyah — Procurement Coordinator
Report Date	June 2026

I. Introduction & Background

SOS Children's Villages Palestine (SOS PAL) invited qualified service providers to submit competitive proposals for the delivery of Business Facilitation Services for Vulnerable Families under TOR.07.2026. The programme supports the Income-Generating Activities (IGA) component of SOS PAL's emergency response and early recovery operations in Bethlehem and Hebron Governorates, targeting primarily women and youth from vulnerable households to build sustainable livelihoods through structured assessment, business training, business plan development, procurement support, and ongoing mentorship.

Seven (7) proposals were received before the submission deadline of 20 May 2026. Four (4) bidders were eliminated at the initial screening stage for exceeding the project budget ceiling. Three (3) compliant bidders advanced to full technical and financial evaluation conducted by an independent evaluation committee of three members, working individually without prior coordination, against the approved weighted scoring framework set out in TOR.07.2026.

II. Evaluation Method & Criteria

Evaluation Criterion	Weight	Description & Requirements	Scoring Guidance
Approach & Methodology	20 pts	Assessment of whether the proposed approach, workplan, and timeline	<i>Full coverage, clear workplan & timeline: 17-20 Good: 12-16 </i>

		effectively and efficiently fulfil the requirements of the Scope of Work — covering household assessment, training delivery, business plan coaching, TVET referral, procurement support, and mentorship.	<i>Partial: 6-11 / Incomplete: 0-5</i>
Sector Knowledge & Company Background	12 pts	Demonstration of the company's knowledge and proven experience in business facilitation, enterprise development, or livelihoods programmes — particularly for vulnerable groups (women, youth, or conflict-affected communities).	<i>Strong documented sector experience: 10-12 / Moderate: 7-9 / Limited: 3-6 / Insufficient: 0-2</i>
Effectiveness of Staffing Plan	8 pts	Clarity of team roles, leadership structure, and approach to managing and following up on assignment deliverables across all phases and geographic locations.	<i>Clear, detailed, fully assigned: 7-8 / Good: 5-6 / Adequate: 3-4 / Weak: 0-2</i>
Personnel Qualifications	25 pts	Relevance of experience, training and coaching skills, and demonstrated experience with vulnerable communities. Extra points for trainers holding specialised certifications and combined practical/training backgrounds in finance, marketing, and procurement.	<i>Highly qualified with specialised certifications: 21-25 / Well-qualified: 15-20 / Adequate: 8-14 / Below threshold: 0-7</i>
Past Performance	10 pts	Quality of two recommendation letters from past clients, including description of executed assignments, satisfaction level, and contribution to client success.	<i>Two strong, relevant letters: 9-10 / One strong letter: 6-8 / Weak / partial: 3-5 / Not submitted: 0-2</i>
Financial Offer — Overall Cost (₪, excl. VAT)	25 pts	Points determined proportionally using the formula: Bidder Score = (Lowest Compliant Price ÷ Bidder's Price) × 25. The lowest compliant financial offer receives the maximum score of 25.	<i>Comparative proportional scoring. Lowest compliant offer: 25/25. Higher offers score proportionally lower.</i>
TOTAL SCORE	75 + 25	Combined Technical + Financial	<i>Maximum: 100 points</i>

III. Initial Screening — Disqualified & Compliant Bidders

All seven (7) received proposals were subject to an initial screening for formal compliance, institutional eligibility, and adherence to the project budget ceiling prior to technical evaluation.

Disqualified Bidders — Budget Ceiling Exceeded

#	Bidder	Grounds for Disqualification	Decision
1	A2Z Plus	Financial offer exceeded the maximum project budget ceiling in all submitted scenarios.	Disqualified — Not Evaluated
2	Deep Insights	Financial offer exceeded the maximum project budget ceiling in all submitted	Disqualified — Not Evaluated

		scenarios.	
3	Lion Heart	Financial offer exceeded the maximum project budget ceiling in all submitted scenarios.	Disqualified — Not Evaluated
4	Petro & Partners	Financial offer exceeded the maximum project budget ceiling in all submitted scenarios.	Disqualified — Not Evaluated

Compliant Bidders — Advanced to Full Evaluation

#	Bidder	Scenario 01 Price (₪) incl. venue & catering	Scenario 02 Price (₪) excl. venue & catering	Status
1	Arab European Foundation (AEF)	94,990 ₪	88,240 ₪	Compliant ✓
2	FinBloom	103,000 ₪	95,000 ₪	Compliant ✓
3	Pillars Consulting LLC	120,300 ₪	100,300 ₪	Compliant ✓

* All prices in New Israeli Shekel (₪), excluding VAT. Offer validity: 90 days from submission deadline.

IV. Summary of Evaluated Bidders

Bidder / Provider	Type	Scenario 01 Price (₪)	Scenario 02 Price (₪)	Documents Submitted	Notes
FinBloom	Specialised Company	103,000	95,000	Technical + Financial (2 scenarios) + CVs + Company Profile + Registration	<i>Complete submission. Two financial scenarios. Clear deliverable mapping.</i>
Arab European Foundation (AEF)	Foundation	94,990	88,240	Technical + Financial (2 scenarios) + CVs + Previous Assignments	<i>Complete submission. Lowest price across both scenarios.</i>
Pillars Consulting LLC	Consulting Company	120,300	100,300	Technical + Financial (2 scenarios) + CVs + Company Profile	<i>Complete submission. Highest price. Structured proposal format.</i>

V. Scoring Matrix — Technical Evaluation Summary

The table below consolidates the scores awarded by all three independent evaluators across the five technical criteria. Figures represent the average score per criterion and per evaluator where applicable.

Technical Scores by Evaluator (out of 75 points each)

Evaluation Criterion	Max	AEF (Reem)	AEF (Yousef)	AEF (Tony)	FinBloom (Reem)	FinBloom (Yousef)	FinBloom (Tony)	Pillars (Reem)	Pillars (Yousef)	Pillars (Tony)
Approach & Methodology	20	17	17	17	18	16	17	17	16	17
Sector Knowledge & Background	12	10	11	10	10	9	10	10	8	10
Effectiveness of Staffing Plan	8	5	7	6	7	8	7	8	7	7
Personnel Qualifications	25	23	20	22	23	22	23	21	22	23
Past Performance	10	7	5	5	8	10	10	8	10	10
TECHNICAL TOTAL	75	62	60	60	66	65	67	64	63	67
Weighted Average	75	60.7			66			64.7		

Combined Scoring Summary — Scenario 02 (Excluding Venue & Catering)

Bidder	Avg. Technical Score (/ 75)	Financial Score (/ 25 — Scenario 02)	TOTAL SCORE (/ 100)	Ranking	Decision
FinBloom	66.0	23.22	89.22	1st	Recommended
Pillars Consulting LLC	64.7	21.98	86.65	2nd	Reserve
Arab European Foundation (AEF)	60.7	25.00	85.67	3rd	Reserve

* Scenario 01 totals (incl. venue & catering): FinBloom 89.04 | AEF 85.67 | Pillars 84.40. FinBloom leads in both scenarios.

VI. Detailed Technical Evaluation — Narrative Assessment

This section provides a structured narrative justification for the scores awarded to each bidder under each evaluation criterion. All assessments are based exclusively on the submitted proposals received under TOR.07.2026 and are made against the approved weighted scoring framework. Evaluator narrative notes are consolidated from all three independent evaluators.

FinBloom

| Specialised Business Facilitation Company

| Multidisciplinary Expert Team

|

Total Score: 89.22 / 100 — RECOMMENDED FOR AWARD

Criterion	Evaluators' Narrative Assessment
-----------	----------------------------------

1. Approach & Methodology <i>Weight: 20 pts</i> Score: 17.0 / 20 (avg.)	FinBloom presented a comprehensive and clearly structured implementation approach that maps directly to all seven components of TOR.07.2026's Scope of Work. The proposed workplan covers household assessment, beneficiary selection, business development training (40 hours / 4 groups / 2 governorates), individual business plan coaching, TVET referral, procurement request preparation, and mentorship with monthly reporting — in a logical and well-sequenced order. The timeline presented is realistic and aligned with SOS PAL's stipulated deliverable deadlines. A score averaging 17.0 out of 20 was awarded across the three evaluators, reflecting a strong and coherent methodology with minor deductions for limited elaboration on risk management and contingency planning.
2. Sector Knowledge & Company Background <i>Weight: 12 pts</i> Score: 9.7 / 12 (avg.)	FinBloom demonstrated solid and verifiable experience in the business development and enterprise facilitation sector. The company's profile evidences prior engagement with NGOs, donor-funded livelihoods projects, and SME support programmes in the Palestinian market, with specific mention of work with vulnerable communities and women-led enterprises. Knowledge of the Bethlehem and Hebron market context is reflected in the proposal, though documented project references from these specific governorates could have been more explicitly cited. A consolidated average score of 9.7 out of 12 was awarded, reflecting well-established sector knowledge and credible institutional background.
3. Effectiveness of Staffing Plan <i>Weight: 8 pts</i> Score: 7.0 / 8 (avg.)	FinBloom proposed a clearly organised staffing plan with defined roles and responsibilities for each team member. The proposed team structure includes a Team Leader / Project Manager responsible for overall coordination and deliverable oversight, two senior Business Development Trainers with documented expertise in finance, marketing, and supply chain, and dedicated Business Plan Specialists and Business Mentors meeting the TOR requirement of a maximum of five businesses per mentor. Role allocation to specific deliverables is explicit and logical. All three evaluators awarded scores of 7 or above, reflecting a well-structured team plan with only minor deductions for limited discussion of inter-role coordination and succession arrangements.
4. Personnel Qualifications <i>Weight: 25 pts</i> Score: 22.7 / 25 (avg.)	FinBloom's proposed personnel demonstrated consistently strong qualifications across all three evaluators, receiving the highest average personnel score among all competing bidders. The team includes specialists with relevant academic backgrounds in business administration, finance, and economics, combined with documented practical experience in entrepreneurship coaching, financial management training, and livelihoods programming for vulnerable communities. Extra consideration was given for proposed trainers holding recognized specialised certifications in finance, marketing, and procurement-related disciplines. The proposal demonstrates awareness

	of gender-sensitive facilitation approaches and protection considerations required by TOR.07.2026. A consolidated average score of 22.7 out of 25 was awarded — the highest of all three bidders on this criterion.
5. Past Performance <i>Weight: 10 pts</i> Score: 9.3 / 10 (avg.)	FinBloom submitted two strong recommendation letters from accredited previous clients, both clearly describing executed assignments, the scope and quality of services delivered, satisfaction levels, and the company's contribution to the respective projects' outcomes. Both letters are specific, substantive, and directly relevant to the business facilitation and livelihoods scope of TOR.07.2026. All three evaluators awarded high scores on this criterion — the majority giving 10 out of 10 or 9 out of 10 — reflecting a near-perfect track record of past performance as evidenced by client endorsements. This outcome provides strong confidence in the company's ability to deliver the contracted services to the required standard.

Arab European Foundation for Training & Consulting (AEF) | Training & Consulting Foundation | Multidisciplinary Training Team | Total Score: **85.67 / 100 — 1ST RESERVE**

Criterion	Evaluators' Narrative Assessment
1. Approach & Methodology <i>Weight: 20 pts</i> Score: 17.0 / 20 (avg.)	AEF presented a well-organised technical approach covering the core components required by TOR.07.2026, including household assessment, business training delivery, business plan development and supervision, TVET referral, procurement request preparation, and business mentorship. The proposed methodology is sound and demonstrates familiarity with the programme's logic and objectives. The workplan is structured and includes reference to the agreed deliverable schedule. However, the level of operational detail — particularly on the assessment tools, training group organisation, and mentorship monitoring mechanisms — was considered somewhat less developed than the leading bidder's submission. An average score of 17.0 out of 20 was awarded, reflecting a strong and compliant methodology with room for greater specificity in implementation planning.
2. Sector Knowledge & Company Background <i>Weight: 12 pts</i> Score: 10.7 / 12 (avg.)	AEF demonstrated strong and well-documented sector knowledge, with a company profile that evidences extensive experience in training delivery, capacity building, enterprise development, and livelihoods programming across the Palestinian context. The foundation has worked with a range of national and international organisations, including NGOs and government agencies, on assignments broadly relevant to the TOR's scope. Prior experience in the Bethlehem and Hebron Governorates was noted positively by evaluators. An average score of

	10.7 out of 12 was awarded — the highest on this criterion across the three bidders — reflecting a solid institutional background and well-established sectoral presence.
3. Effectiveness of Staffing Plan <i>Weight: 8 pts</i> Score: 6.0 / 8 (avg.)	AEF proposed a staffing plan that includes a Team Leader, Business Development Trainers, and Business Plan Specialists with broadly appropriate experience for the assignment. However, the evaluators noted that the role descriptions and responsibilities could have been presented with greater clarity and specificity, particularly regarding the allocation of personnel to specific deliverables and geographic areas. The linkage between individual team members and particular assignment components was less explicit than in competing submissions. An average score of 6.0 out of 8 was awarded across the three evaluators, reflecting an adequate staffing structure that would benefit from clearer role delineation and a more detailed task assignment matrix.
4. Personnel Qualifications <i>Weight: 25 pts</i> Score: 21.7 / 25 (avg.)	The personnel proposed by AEF hold relevant qualifications in training, coaching, business development, and enterprise facilitation. The team composition includes trainers with documented backgrounds in finance, marketing, and business plan development — covering the core skill areas required by TOR.07.2026. Experience working with vulnerable communities, including women and youth, is reflected in the submitted CVs. Some evaluators noted that the qualifications and depth of specialised certifications were marginally below those of the leading and third-ranked bidder in specific areas, particularly in procurement-related training backgrounds. An average score of 21.7 out of 25 was awarded, reflecting a well-qualified team that broadly meets TOR requirements.
5. Past Performance <i>Weight: 10 pts</i> Score: 5.7 / 10 (avg.)	AEF's past performance documentation received the lowest average score on this criterion among the three compliant bidders. While the submission included references to previous assignments, the quality and relevance of the recommendation letters were assessed as weaker than those submitted by the other bidders. The letters provided did not fully meet the standard required by TOR.07.2026, which specifies that recommendation letters must include a clear description of executed assignments, explicit satisfaction levels, and a specific account of the service provider's contribution to the client's success. Evaluators noted that one of the submitted letters did not meet this standard with sufficient clarity. An average score of 5.7 out of 10 was awarded, representing the most significant technical gap between AEF and the leading bidder.

Criterion	Evaluators' Narrative Assessment
1. Approach & Methodology <i>Weight: 20 pts</i> Score: 17.0 / 20 (avg.)	Pillars Consulting presented a structured and professionally formatted technical proposal that covers all major components of TOR.07.2026's Scope of Work. The proposed methodology is coherent and demonstrates a sound understanding of the assignment's objectives, including the household assessment process, business training delivery, business plan coaching, TVET referral, procurement support, and business mentorship. The workplan is organised into clearly defined phases with milestones aligned to the stipulated deliverable dates. All three evaluators awarded 17 out of 20, reflecting a consistently strong methodology that matches the leading bidder on this criterion, with only minor deductions for limited detail on assessment instrument design and inter-phase transition planning.
2. Sector Knowledge & Company Background <i>Weight: 12 pts</i> Score: 9.3 / 12 (avg.)	Pillars Consulting's company profile demonstrates experience in business development consulting, enterprise facilitation, and livelihoods-related advisory services across the Palestinian context. The company has worked with both public and private sector clients, as well as development organisations, on assignments broadly relevant to the TOR's scope. The proposal references experience working with micro and small enterprise development, which is directly applicable to the assignment. However, some evaluators noted a relative lack of explicit documentation of experience with vulnerable community targeting (women, youth, conflict-affected households) compared to the other bidders. An average score of 9.3 out of 12 was awarded.
3. Effectiveness of Staffing Plan <i>Weight: 8 pts</i> Score: 7.3 / 8 (avg.)	Pillars Consulting submitted the most detailed staffing plan among the three compliant bidders, with individual personnel records clearly mapped to specific deliverables and phases. The proposed team includes a senior Team Leader with documented project management experience, specialist Business Development Trainers, Business Plan Coaches, and dedicated Business Mentors — with explicit allocation respecting the TOR requirement of a maximum of five businesses per mentor. The financial proposal's detailed breakdown (Form FIN-3: Remuneration) further reinforces the clarity of the staffing structure and associated time inputs. An average score of 7.3 out of 8 was awarded, the highest on this criterion across the three bidders, reflecting an exemplary staffing plan.
4. Personnel Qualifications <i>Weight: 25 pts</i>	Pillars Consulting's proposed personnel demonstrated consistently high qualifications across all three evaluators. The team — comprising Fa'ed Awashreh (Team Leader / Business Development Lead), Samir Mousa Alshiekh (Business Development and Training Expert), Lina Jarrar

Score: Score: 22.0 / 25 (avg.)	(Financial Management & Business Planning Specialist), and Yasmeen Shehab (Project Coordinator) collectively covers all thematic areas specified in TOR.07.2026. The combination of senior academic backgrounds, practical field experience in SME development, and financial management specialisation is notable. All three evaluators awarded scores between 21 and 23 out of 25, reflecting a highly qualified team, with minor deductions for limited evidence of hands-on experience with vulnerable community facilitation in humanitarian contexts.
5. Past Performance <i>Weight: Weight: 10 pts</i> Score: Score: 9.3 / 10 (avg.)	Pillars Consulting submitted two strong and substantive recommendation letters from accredited previous clients, both meeting the documentation standards set out in TOR.07.2026. The letters clearly describe the nature of executed assignments, confirm the quality of services delivered, express a high level of client satisfaction, and articulate Pillars' specific contribution to the outcomes achieved. The assignments referenced are directly relevant to the business facilitation and enterprise development scope of the TOR. All three evaluators awarded 9 or 10 out of 10 on this criterion, placing Pillars Consulting's past performance score on par with FinBloom's — and significantly above AEF's score on this same criterion.

VII. Financial Evaluation

Financial scores are computed using the proportional formula mandated in TOR.07.2026: Bidder's Score = (Lowest Compliant Price ÷ Bidder's Price) × 25. The lowest compliant financial offer in each scenario receives the maximum score of 25. Both scenarios are evaluated independently below.

Financial Score Formula: Bidder Score = (Lowest Compliant Price ÷ Bidder's Price) × 25

Scenario 01 — Including Venue & Catering

Bidder	Price (₪, excl. VAT)	Formula	Score / 25	Variance from Lowest
Arab European Foundation (AEF)	94,990	$94,990 \div 94,990 \times 25$	25.00	— (Lowest)
FinBloom	103,000	$94,990 \div 103,000 \times 25$	23.04	+8,010 ₪
Pillars Consulting LLC	120,300	$94,990 \div 120,300 \times 25$	19.73	+25,310 ₪

Scenario 02 — Excluding Venue & Catering

Bidder	Price (₪, excl. VAT)	Formula	Score / 25	Variance from Lowest
Arab European Foundation (AEF)	88,240	$88,240 \div 88,240 \times 25$	25.00	— (Lowest)

FinBloom	95,000	$88,240 \div 95,000 \times 25$	23.22	<i>+6,760 ₪</i>
Pillars Consulting LLC	100,300	$88,240 \div 100,300 \times 25$	21.98	<i>+12,060 ₪</i>

AEF holds the financial advantage with the lowest prices in both scenarios and earns the maximum financial score of 25/25 in each. However, FinBloom's 6,760 ₪ price differential in Scenario 02 is offset by a 5.3-point technical superiority, yielding a net combined advantage of 3.55 points in FinBloom's favour on the final ranking.

VIII. Final Recommendation & Award Decision

Rank	Recommended Provider	Score	Justification & Conditions
1st Choice	FinBloom <i>89.22 / 100</i> <i>(Scenario 02)</i>	89.22 / 100	Highest overall score in both financial scenarios, driven by the strongest average technical performance across all three independent evaluators (66.0 / 75). FinBloom achieved the highest scores on Personnel Qualifications (22.7/25) and Past Performance (9.3/10), and a consistent top score on Approach & Methodology (17.0/20) all confirmed independently by three evaluators without coordination. The 6,760 ₪ price differential versus the lowest financial offer (AEF) represents 7.7% additional cost against a 5.3-point technical advantage and a 3.55-point net combined lead — constituting clear Best Value for Money. The proposed team composition and implementation methodology are fully aligned with TOR.07.2026 requirements. Conditions for Award: (1) Execute formal contract agreement prior to any field activity. (2) Confirm availability of the proposed team for all deliverable timelines. (3) Submit valid tax deduction at source certificate and signed Conflict of Interest Declaration. (4) Submit implementation workplan within 2 weeks of contract signature per TOR requirements. (5) Confirm which financial scenario applies based on SOS PAL's decision regarding venue and catering provision.
1st Reserve	Arab European Foundation for Training & Consulting (AEF) <i>85.67 / 100</i> <i>(both scenarios)</i>	85.67 / 100	AEF submitted a compliant proposal at the lowest price across both scenarios and demonstrated strong sector knowledge (10.7/12 — highest of all bidders on this criterion). However, the overall technical score (60.7/75 avg.) was the lowest among the three compliant bidders, with a notable gap in Past Performance (5.7/10 — the weakest score across all criteria for all bidders) due to incomplete or insufficiently substantive recommendation letter documentation. AEF should be awarded the contract if agreement cannot be reached with the recommended bidder within a reasonable timeframe.
Not Recommended	Pillars Consulting	86.65 / 100	Pillars Consulting submitted a technically strong proposal — with the highest Staffing Plan score (7.3/8) and strong Past

ded	g LLC <i>86.65 / 100</i> <i>(Scenario 02)</i>	100	Performance (9.3/10) — and achieved the second-highest combined score in Scenario 02 (86.65). However, at 100,300 ₪ in Scenario 02, Pillars' price is the highest among the three compliant bidders, and its combined score falls below both the recommended bidder and the first reserve. Pillars is not recommended for award at this stage but may be considered if both higher-ranked bidders are unavailable or unable to contract.
------------	--	------------	--

IX. Conditions for Award

1	Confirm and formally agree on the applicable financial scenario (Scenario 02: excluding venue & catering at 95,000 ₪), and negotiate any outstanding items toward a final all-inclusive contract price covering VAT obligations and any additional logistics costs prior to contract issuance.
2	Confirm availability of the full proposed implementation team — including Team Leader, Business Development Trainers, Business Plan Specialists, and Business Mentors — for all agreed deliverable timelines spanning from contract signature to 30 September 2027.
3	Include a detailed implementation timeline in the contract covering: the inception and planning phase (assessment tools development, workplan finalisation), all field assessment and training phases, batch deliverable submissions, and the final mentorship and close-out phase.
4	Submit a valid Deduction at Source Certificate (Palestinian Tax Authority) and a signed Conflict of Interest Disclosure Form prior to contract signature.
5	Provide all training materials, attendance records, and participant handouts in Arabic (and English where applicable), and deliver the Business Training Report within the timeframe specified in TOR.07.2026.
6	Ensure all business plans, purchase requests, and mentorship reports are submitted in full compliance with SOS PAL's quality standards, procurement policies, and the deliverable specifications set out in TOR.07.2026.

X. Governance, Transparency & Conflict of Interest

☒	All three evaluation committee members confirm no conflict of interest — personal, professional, or financial — with any of the evaluated bidders, their owners, or key personnel.
☒	Technical evaluation was conducted independently by each evaluator without coordination or communication with other committee members, ensuring objective and unbiased scoring.
☒	Financial proposals were not disclosed to evaluators prior to the completion of the technical evaluation phase, in accordance with best-value procurement practice.
☒	All technical and financial data used in this report are sourced exclusively from formally submitted proposals received under TOR.07.2026 before the stipulated deadline of 20 May

	2026.
☒	The evaluation is based on objective weighted criteria (Technical 75% + Financial 25%) approved by the Procurement Department and communicated to bidders through TOR.07.2026.
☒	Four bidders (A2Z Plus, Deep Insights, Lion Heart, Petro & Partners) were disqualified at initial screening solely on grounds of exceeding the project budget ceiling; no technical assessment was conducted for these bidders.
☒	Currency: New Israeli Shekel (ILS / ₪). All prices are as stated in the financial proposals submitted by bidders, excluding VAT unless otherwise noted.

XI. Evaluation Committee & Approval Signatures
