Updates:

- ND started the meeting by briefing on the current sudden escalation and emphasizing the importance of maintaining full working hours, fulfilling our responsibilities, and ensuring regular follow-up. She noted that these circumstances are not new to us, and that we have continued to work and operate effectively through similar situations in the past. She also emphasized her availability to all team members whenever they need any kind of support and reaffirmed that we remain fully committed to the principle that employee safety is our highest priority.
- ND stated that all work plans must be binding for the relevant parties and implemented in a timely manner. She also emphasized the importance of raising any concerns or issues promptly to ensure they are addressed before they escalate into larger problems.
- ND emphasized the importance of taking ownership of decisions, work plans, and assigned responsibilities. ND stressed that approved plans and budgets must be implemented and utilized in a timely manner. Any delays in budget utilization will be questioned and considered unacceptable. She noted that underspending is not a positive performance indicator and may reflect weaknesses in planning and implementation.
- ND emphasized the importance of reporting any gaps, concerns, or issues promptly and at the appropriate time to ensure they are addressed effectively before they escalate into more significant problems.
- ND emphasized the importance of regularly sharing each department's monthly plans. She noted that NMT meetings provide a valuable opportunity to exchange plans, ideas, and updates with colleagues, ensuring alignment and keeping everyone informed and working toward common objectives.
- ND emphasized the importance of timely and effective information sharing. She noted that she consistently shares important emails, meeting outcomes, and updates from interactions with the IO and PSAs, and encouraged all NMT members to do the same. ND stressed the importance of sharing key developments, meeting outcomes, and relevant communications with colleagues, as well as ensuring that important updates are shared appropriately to their respective teams.
- ND gave a brief of the recent monthly bilateral meeting with Claudio.

- ND thanked all colleagues for their significant efforts in advancing the strategic direction process. Noting that it was a complex and demanding undertaking but commended the team for managing it effectively and successfully developing the final version of the proposal, which has now been approved.
- ND stated that approval had been granted for the reintegration of 22 children with their biological families. She emphasized the importance of continuing efforts to prepare additional children for reintegration, ensuring that all necessary considerations are taken into account and that the best interests of the children remain the primary focus. She further stressed the need for comprehensive preparedness and support plans for both children and families to ensure successful reintegration. ND noted the importance of continuing this approach and moving forward with the phase-out process, while maintaining the best interests and well-being of the children as the highest priority.
- ND stated that the investigation has commenced and that interviews will be conducted with selected colleagues in the coming period. ND emphasized the importance of full cooperation with the investigation team and encouraged all staff to provide any required information and support to facilitate the process.
- ND also informed the team that a special audit will be conducted covering the Finance and Human Resources departments. Based on the information available to date, the audit is expected to be carried physically.
- ND stated that an important meeting will be held next week with the COO, Deepmala, regarding the Israeli registration, following to the communication done of all relevant information and risk assessments to support the decision-making process.
- ND gave update regarding the needed amendments on the RACI protocols as we had shared it with Mihai and Claudio, and we are waiting of the approval to endorse it.
- ND stated that regarding the IPD, we had discussed it at the level of advisors and them the work will be on local level and will be share with the HAT team and take the approval of Claudio.
- ND stated that an evaluation will be conducted for the emergency function in Gaza and West Bank covering the period from 7th of October 2023.
- ND emphasized the importance of adhering to all agreed deadlines and maintaining full cooperation and openness in providing any required inputs or actions. She noted that if anyone is unable to meet a deadline, they should inform their colleagues in advance or send an email requesting an extension or additional time. She further stressed that responsibility should be taken for all received emails requiring action within a defined deadline, and that reminders should not be necessary when clear responsibility is in place.
- ND requested everyone to activate the automatic reply when going on vacation, annual leave, maternity leave.
- ND emphasized the importance of building a comprehensive organizational database. She noted that a request had been sent to collect inputs; however, not all colleagues had responded. She stressed the importance of full cooperation with Tala and Lama in developing this database, which will serve the needs of the entire organization.
- ND stated that it is important that the FDC send their feedback, comments on the website prepared by Roni.
- ND thanked colleagues in HR and Finance for working on the end of service efforts, all employees had signed on it expect one colleague and the amounts will be transferred to colleague's accounts soon.
- ND emphasized the importance of openly communicating any issues or concerns involving colleagues and maintaining effective communication skills to help resolve conflicts or misunderstanding.
- ND stated that a visit will be made to the village in next Saturday 13 June 2026 by the representative of the German Foreign affairs.
- ND stated that we had received a draft policy of the People culture which is an HR policy and a consultation form was filled and the policy will be shared soon.
- ND emphasized on the importance of implementing the capacity building trainings and the supervision for the mothers and the admin staff regularly as it's high need.
- ND emphasized the importance to stay well prepared for the investigation meetings with the committee and be well prepared of the potential content, inquires.
- ND stated that, regarding the issue of underspending in the UNICEF project, ND stated that we will analyse the reasons behind this issue to identify corrective measures and ensure it does not recur in the future. She noted that such an outcome reflects negatively on management performance and indicates weaknesses in planning and implementation.

- ND stated that any procedure recommended by ICT to strengthen the security of organizational data must be mandatory for all staff to prevent hacking incidents and any risk of data loss or breach. She requested Roni to ensure that colleagues sign the proposed work profile procedure.
- ND also reminded the team to activate the Signal group for any needed professional communication.
- ND noted that the team is awaiting the report from Alaa following the reintegration of the 22 children, which should be shared with HR, Procurement, and Finance in line with the anticipated changes resulting from the reintegration process.
- ND further reminded the team regarding the playground project and highlighted the need to obtain clarification from the donor on two points: the budget for the playground, and whether the donor approves the proposed parking concept.
